Superintendent's Highlights

The new High School Gymnasium was completed in November with the A-4 basketball tournament being held as the inaugural event. The new Mill Creek Primary School will open in September 1997.

Scoring on Statewide Competency Tests continued to improve. The district now has Academic Accountability Checklists through the eighth grade. These were created by the grade level teachers and are consistent from grade to grade. This tool will be used to develop Standards at the 8th and 12th grades.

Technology continued to advance with the completion of the Wide Area Network linking all buildings in the district. The district was awarded a Goals 2000 Grant which will enhance the Wide Area Network and focus on math software and curriculum.

Progress Towards Meeting District Goals

1996-97 Goals

Progress

Prepared to learn upon entering school for the first time

The district is proud of the Mini Vikes Program which is a monthly meeting of 4 year olds and their parents. This program helps parents and students better understand the learning process and orient to the school environment. The Special Education Preschool, regular Kindergarten and close coordination with Head Start further enhance each child's opportunity to be ready for first grade.

Student Conduct

All schools in the district have school-wide discipline programs. Comprehensive training was provided for each classroom teacher to develop their own philosophy and plan.

Integrate the use of Technology into all curriculum areas

The Reading Renaissance Program has given hundreds of students the chance to develop their reading skills at their individual ability level. Kindergarten through grade six will be developing an extensive Math Program through Goals 2000 funds. The Middle School and the High School have developed two excellent Computer Learning Labs.
